

SIMU-Hz

RADIO CONTROL

A WIDE RANGE OF CONTROLS

SIMU offers a wide range of controls that use the exclusive Hz radio system. This technology is recognized for 10+ years of proven strength and reliability. The Hz radio protocol is world renowned for its rolling code technology and encrypted protection that provides complete safety and security.

Hz radio controls can operate individual and groups of motorized products.

HAND-HELD CONTROLS

Hz REMOTE CONTROL

SIMU's Hz remote control range combines the SIMU-Hz radio system and a modern design.

The design offers pure lines and round angles making them fit easily with all types of architecture and decor.
